
The following list of courses start on October 23rd if students need to add additional courses for the Fall 2023 semester. Students will want to review capacity and requisite information, if applicable.

AAS 2000 OL2 (18320) Critical Perspectives
SWK 3100 OL1 (18105) Social Welfare Policy

Any student who has been identified as a Titan student athlete or student veteran will be able to register beginning on Thursday, November 2 at 8:30 am. This priority registration recognizes the class scheduling challenges that our student athletes have while balancing practices, competitions and travel while they are representing our institution as a Titan student athlete and recognizes our veteran students who have served our country. Other populations may be considered in the future.

Reminder to use Beacon for submitting academic referrals (alerts!) and updates. The tool has many features that advisors and students are strongly encouraged to use to support student success and retention. Contact the Student Success Center (SSC) for more details/questions.

During Advising for Winter/Summer 2024 remind any students planning to graduate in Fall 2023/Winter 2024/ Summer 2024 to APPLY for GRADUATION. Application for Graduation is completed on-line in their Student Profile. Summer 2024 students participate in the May Commencement ceremony.

313-993-1143, ssc@udmercy.edu, McNichols Campus Library 319
